

Declaration of freedom from symptoms

This document is filled out once every school year and submitted to the school.

The statements given below therefore are valid for the school year.

This declaration does not exempt from the daily temperature measurement.

In the school, the temperature is measured upon entry and during the day.

Child's name:

Grade / Group:

1) Statement of freedom from symptoms up to the current day

If the above-mentioned child goes to school or kindergarten,

- they are **free of fever for at least 3 days**
(body temperature $\leq 37.5^\circ$, last measurement on the morning of school attendance)
- **free from symptoms**
(Symptoms: cough, shortness of breath, chills, muscle pain, headache, sore throat, loss of smell and taste)

If fever or other COVID-19 symptoms are shown in school / kindergarten, I / we will pick up my / our child immediately.

2) Declaration about traveling abroad / quarantine of a person living in the same household:

If the above-mentioned child goes to school or kindergarten, there are no people living in the same household, who

- are in quarantine because they are infected with Corona
- are in quarantine because they have entered Korea from abroad and are therefore subject to an official quarantine obligation,
- awaiting the result of a PCR test that has been ordered or carried out because of symptoms.

Notes: If one of the above cases applies, feedback from the Corona Task Force must be obtained before the child can attend school / kindergarten. In this case, contact us at corona@dsseoul.org with the most precise information possible about the case at hand.

I / We hereby declare that I / we have understood the declaration and will comply with the specified requirements (all legal guardians must sign):
